WHAT WE STAND FOR

Safety, accountability, responsibility, honesty, ethics, and respect are the core values driving our Company culture. Our goal is to add value at every turn, to support the opportunity, empowerment, and economic goals of the South African Government, and to be the safest supplier and employer of choice through the quality of our people, systems, and services by any measure.

CONSULTING, SUPPORT & MANAGED SERVICES

CIP is a growing provider of managed services, consulting, and support to customers across southern Africa. We work with businesses to provide the right solution at the right time, safely. Our services are tailored around your needs and budget to reflect this cycle of economic challenge. Thirty-years' experience is the backbone of our business.

EXPERIENCE THE DIFFERENCE!

Safety takes precedence in everything we do. If a project cannot be done safely, CIP will not take it on. We are committed to do no harm to people nor the environment. We are committed to customer satisfaction and providing real opportunities to young South Africans and local communities. Thirty-years' experience is the backbone of our business.

OUR VISION

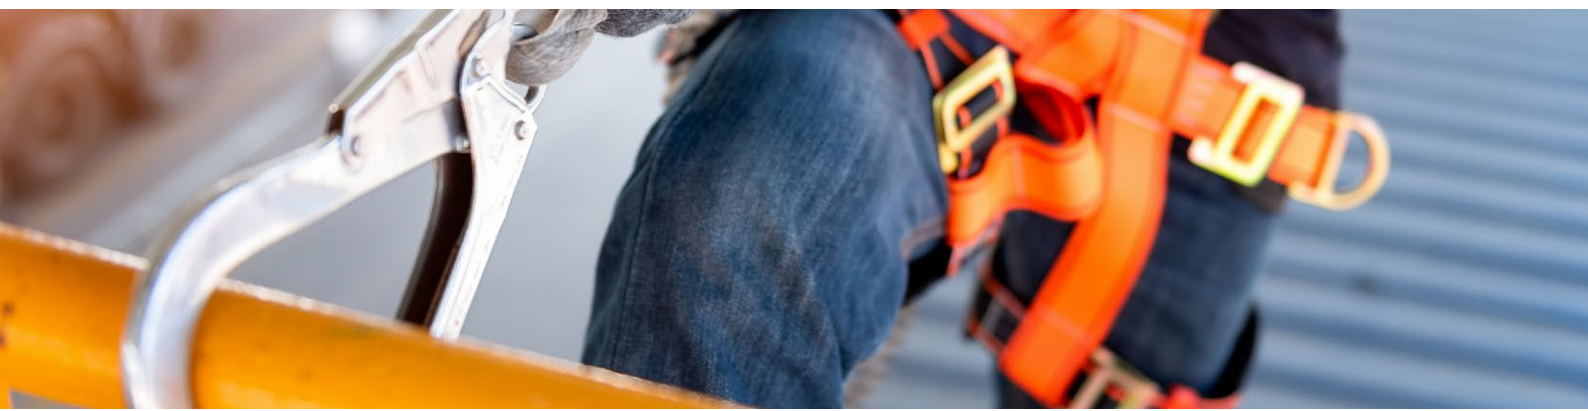

To be all we can be and safely stand head and shoulders above the competition.

OUR MISSION

We are on a Mission to add value at every turn to support the opportunity, empowerment, and economic goals of the South African Government, and to be the safest supplier and employer of choice through the quality of our people, systems, and services by any measure.

OUR VALUES

Safety, accountability, responsibility, honesty, ethics, and respect are the core values driving our Company culture. We believe in doing no harm to the environment, and actively supporting sustainability, respecting Human Rights, and obeying the laws and regulations of the countries in which we operate.

OUR COMPACT

- To provide a safe working environment. Everyone has the right to a safe and healthy workplace and the right to return home from work every day safe and without injury.
- Public liability insurance for each project and work site. CIP will ensure the dependent liability insurance is in effect prior to commencement of work on the customer's property.
- Prior to the start of any project conduct a full safety audit and record all information pertaining to any safety and health risks which need to be mitigated during maintenance, repair or other construction work.
- CIP is responsible for its employee's onsite management and safety. This absolves the client of any obligations or liabilities.

Human Rights: Commercial Industrial Projects is committed to the recognition and safeguarding of human rights in all the countries in which it operates. CIP complies with all applicable national laws and international treaties concerning human rights, social rights, and labour rights, consistent with the principles of the Universal Declaration of Human Rights, and the International Labour Organization's Declaration on Fundamental Principles and Rights at Work. The company respects the sovereignty of nations throughout the world and affirms their primary responsibility to protect their citizens' human rights.

OUR SERVICE OFFERS
